

**Experimental and genetic studies of meiofauna assess environmental quality and reveal mechanisms of toxicity**

J. W. FLEEGER, K. R. CARMAN - 1-26 - [Abstract](#) - [rokdownload menuitem="305" downloaditem="307" direct\_download="true"]PDF[/rokdownload]

**Water quality assessment of a small coastal stream: use of different biological indices based on macroinvertebrates**

R. A. MAZE, G. ANSOLA, L. F. VALDARES - 27-34 - [Abstract](#) - [rokdownload menuitem="306" downloaditem="316" direct\_download="true"]PDF[/rokdownload]

**On the recent occurrence of females *Argonauta argo* (Mollusca: Cephalopoda) in the Adriatic and Aegean seas with observations on aquarium maintenance**

M. CORSINI-FOKA, P. LORENZINI, F. TIRRO, G. SOTTILE, G. KONDILATOS - 35-39 - [Abstract](#) - [rokdownload menuitem="307" downloaditem="320" direct\_download="true"]PDF[/rokdownload]

***Laboulbenia formicarum* (Ascomycota, Laboulbeniales), an exotic parasitic fungus, on an exotic ant in France**

X. ESPADALER, C. LEBAS, J. WAGENKNECHT, S. TRAGUST - 41-44 - [Abstract](#) - [rokdownload menuitem="308" downloaditem="317" direct\_download="true"]PDF[/rokdownload]

**First record of predation by a tompot blenny on the common cuttlefish *Sepia officinalis* eggs**

A. GUERRA, J. L. GONZALEZ - 45-48 - [Abstract](#) - [rokdownload menuitem="309" downloaditem="318" direct\_download="true"]PDF[/rokdownload]

**Assessment of 16 months of *Paracentrotus lividus* (Echinodermata, Echinoidea) exploitation along the northern Tunisia coastline in the SW Mediterranean Sea**

F. SELLEM, L. CHOUBA, B. BOUHAOUALA-ZAHAR, S. RAFRAFI, M. GUILLOU - 49-57 - [Abstract](#)

- [rokdownload menuitem="310" downloaditem="319" direct\_download="true"]PDF[/rokdownload]
